Long post/IMPORTANT POST!

If you live in, visit in, do business in, love a non-profit in The Moose Mountains Region (that's Wolfeboro, Milton, Farmington, Wakefield, Middleton, New Durham, and Brookfield), PLEASE READ THIS POST 'TIL THE END:

[The Moose, New Hampshire](#) is the Facebook page of a grass-roots group (lead agency [WEDCO - Wentworth Economic Development Corporation, Inc.](#)) that first came together to prevent invasive activities like trash dumps, cookie cutter franchises, and industrial activity that chewed up our region's natural beauty and unique character. They recognized that more people need to know more about positive activities that happen here. We have GREAT, UNIQUE recreational, agriculture, hand-crafted, food/drink/entertainment, culture, history and arts in The Moose Mountains Region.

This page was launched less than 2 months ago to tell people about all the WONDERFUL in [The Moose, New Hampshire](#). And this week we reached a HUGE milestone. We reached nearly 11,000 people, and engaged ("Likes," "Comments," and "Shares") more than 3500. This is INCREDIBLE in a region where no town has many more than 7000 residents.

To celebrate our 2-month birthday, July 15th, we will be unveiling our new website, "Explore Moose Mountains." It is a searchable website for people to find a restaurant, a hiking trail, an artist, a shop, a place to stay, a museum...everything someone could want to enjoy a few hours/a day/a week/a lifetime in the beautiful towns of New Durham, Brookfield, Wakefield, Middleton, Farmington, Milton and Wolfeboro.

So why this long post? WE NEED YOUR HELP:

- 1) Please "Share," "Comment" & "Like" this post and all others that please you!
- 2) Please tell others about The Moose, especially businesses & non-profits. Tell them to be in touch with us. We want to boost their business by posting about them on The Moose and the new website, too!

Thank you so much! Please be in touch with thoughts & suggestions!

Moosefully yours,

[The Moose, New Hampshire](#)

Testimonials

Love from the fans of The Moose, NH

“Love seeing the beauty of NH , and the posts give more ideas of places to visit here in the state.”

– **Yvette Bernier Haddock**

“

My family has had a summer home on Merrymeeting Lake as long as I've been alive. It is my 'happy place'. When I need to calm myself and I can't be there physically, I will close my eyes and think about the lake. These days I find myself needing to reflect on my 'happy place' more and more. My life has taken me across country, and I count myself lucky if I can make it up to the lake once a year. Having The Moose, New Hampshire in my Facebook newsfeed takes me immediately to that happy place almost every day. It provides me with the warmth and calm of small town Americana that brings me back to life when I'm blue or homesick...The curation of content by The Moose, New Hampshire is thoughtful and charming and underscores everything great about the Lakes

”

Region of New Hampshire.

– **Jeffrey Russell**

“We're planning a trip to NH next summer. Not our first vacation there by any means BUT The Moose had been invaluable in that we've learned of new businesses and attractions that have opened!
(from PA)”

– **Paulette Kitner**

“ I love your organization and everything it stands for, you guys are really making a difference in the community. One of your posting was a call for signing up for personal training for FREE for your business through NH SBDC, small business association. I took the advice and now I will get free advice on how to run my business. You guys are great. Would love to get involved if I can give any support back!”

– **Anita Harris**

“As a 25 year resident of Carroll County, and a recent resident of Wakefield I've enjoyed learning about both new and old businesses in the area. Area organizations and events have been highlighted which I had not have been aware of before liking The Moose. Its format is both beautiful and informative.”

– **Patricia Toussaint**

“

...The Moose has done an amazing job in taking local and regional social media pages and putting content in front of many who would otherwise not see it. They have helped Lucas Roasting Company go from an unknown entity 3 years ago to a well-known business now, and content spread is one of the most important tools a business can have in their tool shed... For a business like ours, getting people to the information we want them to have is key. Information turns into sales, and sales are what keeps our businesses growing... The Moose is one of the best information sharing engines this region has likely ever seen, and it has done

”

and is doing remarkable good for the state of NH.

- Troy Lucas, Lucas Roasting
